

# Govt. College, Jind

## Suggestions given by IQAC

### For the Session 2015-16

The Internal Quality Assurance Cell (IQAC) has become a driving force for ushering in quality by working out intervention strategies to remove deficiencies and enhance quality. All the quality assurance measures across academic, planning and administration, which were earlier independently monitored and executed at different levels, are now supervised by the IQAC. The IQAC has initiated the process of the development of quality benchmarks for academic and administrative activities of the college. IQAC suggested several quality initiatives for the institution for the session 2015-16:

- Parking for students' vehicle should be renovated.
- There should be canteen facility for students and teachers.
- More CCTV cameras should be installed at strategic points.
- More computers should be arranged for students use.
- Separate common room should be for girls students.
- More training programmes should be organized for enhancing students capabilities.
- Students should be motivated to develop scientific temperament.
- Faculty Development Programmes should be organized.
- Extension/adventurous activities should be expanded.
- Students should be trained with ICT facilities.
